

What will I be learning?

We will be looking at the impact of the past, and what it means for us today.

There are so many amazing things that have happened in history. We all find different parts of history interesting, and some events are super important to us, but maybe not to others. And that's OK! Everyone responds to things differently, because we've all had different pasts. What's important is that we learn from the past and our experiences, then try to understand others' experiences too.

History is MARVELLOUS!

"We are not makers of history. We are made by history." - Martin Luther King Jr.
